

*The Story of the Cfund...*

[www.CthePossibilities.org](http://www.CthePossibilities.org)

**Once upon a time**, Joyful Noise Christian Childcare wanted to build a fund that would support wonderful opportunities for not only the fantastic young citizens they were “growing”, but also for children and families all around their community! They created a fund to provide for all of the goals that they had in mind, which included:

- **Technology:** Increased availability of up-to-date technology for students and teachers, providing children with quality instruction and staff with training and support.
- **Equipment and Materials:** Funds to be used for outdoor play equipment, learning materials, program supplies, special programs for children and general center improvements.
- **Early Childhood Advocacy and Resources for the Community:** Resources and open events for early childhood advocacy and fun family events, parent events and new programs. Also read about our future plans to serve our community at [www.CThePossibilities.org](http://www.CThePossibilities.org)!

As a 501(c)(3) not for profit organization, Joyful Noise Christian Childcare has spent many years operating at a profit loss or very close margin. Our goal is to consistently grow our C.Fund in order to advance our program and lift up our students, teachers, and families, along with the entire community around us!

***Can you help our story end “happily ever after”?***

- *Share our cause*
- *Donate: one time, year-end or legacy gifts*
- *Inform others*

*Read more about our dreams for the C.Fund and donate online at our website and blog, both at [www.CthePossibilities.org](http://www.CthePossibilities.org) and [www.JoyfulNoiseKids.com](http://www.JoyfulNoiseKids.com)!*
