

THE 3 STEP METHOD

All surfaces at Joyful Noise are cleaned daily (after being soiled, after meals, or at any other time necessary) using the three step method:

Step 1: Surface is sprayed with soapy water

Step 2: Surface is cleaned and then rinsed with regular water and wiped down.

Step 3: Surface is sprayed with child-safe solution of sanitizer and allowed to air dry.

UNIVERSAL PRECAUTIONS AND BIOHAZARDOUS MATERIALS

Employees at JN are trained to use Universal Precautions when handling blood, bodily fluids or any biohazardous materials. This includes gloves, proper sanitization and also proper disposal.

Toys that are mouthed or soiled are removed and sanitized promptly each day. The remainder of toys are also washed periodically and sanitized in our dishwasher as needed.

Keeping Things Clean:

How we maintain a safe and sanitary environment at Joyful Noise Christian Childcare!

From typical childhood illnesses to routine cleaning, it's important to keep our center free of dirt and bacteria. Read on to find out about the ways in which we ensure that your child's environment is as tidy as possible! This includes closely following our sick policy at www.JoyfulNoiseKids.com/pdfs/CenterPolicies.pdf.

JN IS CLEANED BY
JANITORIAL STAFF NIGHTLY

- ✓ Carpets vacuumed
- ✓ Floors swept
- ✓ Floors mopped
- ✓ Restrooms cleaned
- ✓ Garbage removed

WASHING HANDS

At Joyful Noise, children and employees wash hands on many occasions:

- Upon arrival
- Before all meals and snacks
- After using the restroom or after diapering
- After handling animals
- Many other times!

Important Tips to Remember

- Joyful Noise is not allowed to rinse clothing that contains feces or bodily fluid (it is a health code violation). Make sure to take home any soiled clothing you may notice on your child's coat hook or cubby!
- Joyful Noise is also not allowed to prepare formula OR wash infant bottles. Bottles must be prepared by a parent before a child's arrival and labeled. After use they will be rinsed and placed in a child's bag to be washed at home.
