

# Piano

TwistyNoodle.com

*The modern piano has 88 keys (36 black and 52 white) about 230 strings and a total of about 12,000 parts, 10,000 of which are moving.*

*A piano works by pressing a key which operates a lever attached to a felt hammer.*

*There are different types and sizes of pianos, including "upright" and "grand" pianos.*
