The proud Auntie of a niece (Savannah) and nephew (Gabe), and "TT" to many other important and wonderful littles, Emilee enjoys spending her free time crafting, listening to music, hammocking and just spending time with people and pets that she loves.

Miss Emilee's Teaching Philosophy: "I have wanted to be an Early Education teacher as long as I can remember. My mom tells me how I used to tell her at 3 years old that this is what I wanted to do. Spending my whole day helping your child grow through play and exploration is truly an honor. Helping them take the little questions and turn them into bigger questions and answers. Taking the obstacles and figuring out how to conquer them together and independently. I love doing all of it. Thank you for letting me take part in one of these very special and important years in their lives.
